# The Great Outdoors

Here in **God's Country** we're all about the great outdoors. From rolling plains to beautiful badlands, we have it all.

White Butte, North Dakota's Highest Point

## White Butte

White Butte is North Dakota's highest natural point at 3,506 feet and overlooks Little Missouri National Grassland. You can hike year round, but some of the best times are in the spring. Enjoy the beauty of the nearby scenery, native flowers and grass, and the stillness of nature. White Butte may not be the most strenuous hike you conquer, but it will definitely be one of the most memorable. The trail offers numerous activities and amazing photo opportunities. When you get to the top, don't forget to sign the guest book!

22 Miles NE of Bowman, ND

## Yellowstone Trail

In 1912, a group of businessmen in South Dakota undertook an ambitious project to create a useful automobile route across America, the Yellowstone Trail. The trail came through the southwest corner of North Dakota hitting Marmarth, Rhame, Bowman, Buffalo Springs, Scranton, Gascoyne, Reeder, Bucyrus, Hettinger, and Haynes.

## Burning Coal Vein

Burning Coal Vein is a badlands landscape still in the making. The fire smoldering in the coal layer several feet underground was burning when viewed by the first settlers in the area over a hundred years ago. Burning Coal Vein serves as the southernmost trailhead for the Maah Daah Hey Trail.
